

Configurations of Sublijet IQ™ ink For the Epson Stylus Pro 4000

DO NOT install the Epson OEM Inks provided with your printer. Before installing any ink, please check to ensure you have the proper ink set for your desired mode of operation. The list below describes the individual ink systems and their associated attributes. Please call your Authorized Sublijet Reseller or Sawgrass Technical Support if you need assistance installing your Sublijet IQ inks

Dual CMYK System

Provides maximum production speed due to the use of Dual CMYK channels. **This system is only accessible in printer that have been converted for Dual CMYK or sold by Epson as C4 printers. Required inks for installation** – 2-Black, 2-Cyan, 2-Magenta, and 2-Yellow

Sublijet IQ Red Blue XG System

Provides the maximum color gamut by using Sublijet IQ Red and Sublijet IQ Blue in place of light cyan and light magenta. **Required inks for installation:** 1-Black, 1-Photo Black, 1-Cyan, 1-Light Black, 1-Blue, 1-Magenta, 1-Red, and 1-Yellow.

8-Color Standard System

Provides maximum photographic, continuous tone output due to the use of Light Cyan, Light Magenta, and Light Black. **Required inks for installation:** 1-Black, 1-Photo Black, 1-Light Black, 1-Cyan, 1-Light Cyan, 1-Magenta, 1-Light Magenta, and 1-Yellow.

8-Color Custom System

Eliminates the Photo Black sublimation cartridge and a custom black cartridge is used in the channel. They will accommodate the print of other data such as black and white text or screen positives using a driver, RIP, or other outside software. **Required inks for installation:** 1-Black, 1-Light Black, 1-Cyan, 1-Light Cyan, 1-Magenta, 1-Light Magenta, 1-Yellow, and 1-Custom Black (OEM). To enable this mode you must check the "Custom Mode" check box in your PowerDriver IQ 4000 8C Printing Preferences. For more information, press the Help button found within the PowerDriver IQ interface.

If you have any questions regarding the printer or inks you have or need, please contact your Authorized SubliJet Reseller or Sawgrass Technical Support prior to the installation of any ink cartridges. Improper cartridge installation may result in unrecoverable errors to the printer.
