

## SubliJet IQ BlackLight Blue & SecureBrand UVblue Shipping and Storage Conditions

SubliJet IQ BlackLight Blue and SecureBrand UVblue are very high performance inks with unique handling & storage requirements.

### **Shipping Conditions**

During conditions where extreme heat or cold may be encountered during transit it may be required to ship SubliJet IQ BlackLight Blue or SecureBrand UVblue by overnight freight to ensure product integrity.

SHIPPING CONDITIONS	
	TEMPERATURE
Recommended	40°F - 90°F ; 04°C - 32°C

### **Storage Conditions**

Care should be taken to prevent storing SubliJet IQ BlackLight Blue or SecureBrand UVblue in extreme temperatures. If SubliJet IQ BlackLight Blue or SecureBrand UVblue has been in storage, you should allow it to reach room temperature before use.

STORAGE CONDITIONS	
	TEMPERATURE
Avoid Extreme Heat	≥ 104°F ; ≥40°C
Recommended Safe Storage	70°F - 80°F ; 21°C - 27°C
Avoid Freezing	≤ 32°F ; ≤ 0°C

- » Do not expose SubiJet cartridge to direct light or sunlight for extended periods of time.
- » Do not use a SubliJet cartridge beyond its posted "USE BY DATE". Ink performance, after the posted use by date, cannot be guaranteed and will require replacement should you experience any technical difficulties. Additionally, the ink performs optimally if used within six months of opening the original packaging so long as the usage does not run beyond the posted use by date.

### **Special Order Procedures for SubliJet IQ BlackLight Blue or SecureBrand UVblue**

Please be advised of special order considerations for SubliJet IQ BlackLight Blue and SecureBrand UVblue inks. SubliJet IQ BlackLight Blue and SecureBrand UVblue are high performance inks, which are produced to order. Please allow up to two weeks lead time from order placement to shipment. SubliJet IQ BlackLight Blue and SecureBrand UVblue inks will require shipment via next day air. The cost of this freight is included in the MSRP & Dealer pricing for this item.

Therefore, the following is the procedure for orders containing **SubliJet IQ BlackLight Blue or SecureBrand UVblue**:

- » If SubliJet IQ BlackLight Blue or SecureBrand UVblue is the ONLY item on the order, the order will ship via next day air; freight prepaid.
- » If there are multiple items on the order in addition to SubliJet IQ BlackLight Blue or SecureBrand UVblue, the order will be split into two shipments. The SubliJet IQ BlackLight Blue or SecureBrand UVblue portion will ship as above. The balance of the order will ship via regular transit. Freight will be charged accordingly on the balance shipment.
- » The next day air shipment policy will be available for shipments received no later than 2:00pm (EST) Monday-Thursday. No next day air shipments will occur on Friday to avoid weekend storage issues.
- » This next day air shipment policy does NOT apply to **SubliJet IQ Fluorescent ink**.
